

Research & Information Fluency

How Will I Be Graded?

Expectation: Student uses sources to gather, evaluate, and use information.

| | Exceeds Expectation <i>Student excels in applying skills.</i> | Meets Expectation <i>Student has shown competency.</i> | Below Expectation <i>Student is just getting started.</i> |
|--------------------------|---|--|---|
| Inquire & Gain Knowledge | 5 Student uses THREE or MORE sources to gather and evaluate information. <i>Example: Searching multiple online sites and offline books to locate and evaluate the reliability of the information.</i> | 4 Student uses TWO sources to gather and evaluate information. <i>Example: Comparing two sources of information to confirm the reliability of the information.</i> | 3 Student uses ONE source to gather information. <i>Example: Searching one website to locate information.</i> |

Information Quality and Accuracy

How Will I Be Graded?

Expectation: Student will find adequate and accurate information.

| | Exceeds Expectation <i>Student excels in applying skills.</i> | Meets Expectation <i>Student has shown competency.</i> | Below Expectation <i>Student is just getting started.</i> |
|----------------------------|--|---|--|
| Inquire and Gain Knowledge | 5 Students correctly and completely defined the problem. Students identified several possible causes and effects of the issue. Students found several proposed solutions to the problem. | 4 Students correctly defined the problem. Students identified one or two possible causes and effects of the issue. Students found one or two proposed solutions to the problem. | 3 Students incorrectly defined the problem. Students identified one possible cause OR effect, or incorrectly identified more than one cause/effect. Students identified an incorrect/impossible solution to the problem. |

What's the problem?

Describing the issue

Definition

Define the problem.
