# **Transitions**

Key words called transitions are the signals a good writer uses to show the order in which events happen. Transitional words help the reader move from idea to idea by stating or implying the connection between ideas. The more sophisticated the transitions, the more mature writer you show yourself to be. Below the stars mark the more sophisticated transitions.

### **Words That Show Sequence and Time**

at the same time\*\* simultaneously\*\*

next

the next step

first, second, etc.

while last

concurrently\*\*

meanwhile\*\*

after before
